ARRANGEMENTS

1st August 2011

Gregory,

Advertising with Yachting Pages is a useful way of reaching many of our customers across the world: captains, crew and industry professionals.

We have already gained good exposure through our advertising in the Yachting Pages guide and we are looking forward to extending our advertising to the brand new website of Yachting Pages.

Working with the Yachting Pages team is a pleasure as they are always friendly and also highly professional.

Thank you all and keep up the good work!

Cordialement,

Sophie Riché
